

FireCell™ A Firearm Attachment for your Cellphone!

Cellphone, wallet, keys, gun, change, briefcase, laptop--whew! Sometimes the tools of your life can just get to be too much to carry around-- that's why this potent gem is such a lifesaver. Instead of having to tote around your gun and your cellphone, why not just tote around ONE item that did both?

That's the thinking behind the FireCell™ cellphone firearm attachment. This powerful, 8-shot, .45mm weapon simply plugs into the expansion slot on your Nokia 350 series or Motorola 500 series phone and turns it into a compact powerhouse with the stopping power you'd expect from much larger guns!

Firing is accomplished with the * and 8 keys, or the FireCell can be instructed to discharge upon ring in place of the built-in vibrator.

The only firearms with full Net Connectivity!

Today, if it's not online, it's nothing. The same goes for your firearms. That's why we offer the Krumman TCP-45 and TCP-356-- the only two handguns on the market today with built-in 10-base and 100-base T Ethernet connections!

Just plug in an ethernet cable from your office's LAN and bang! Your gun is on the net! Each gun receives its own unique IP address and micro-web server, letting you control all your gun's functions, even discharging, remotely via the web! Shooting has never been so wired!

Krumman TCP-45 _____ \$450.99
Krumman TCP-356 _____ \$350.99

Combination Gunsight/Digital Camera

There's lots of good gunsights on the market today, but there's only one iScope™. iScope is the first all-digital gunsight that is also a full-featured webcam with crisp 640x480 full motion video capability, as well as a 2.1 megapixel still image capture quality. Finally you can capture instant digital images of exactly what you're shooting with a pull of the trigger. Camera holds up to 48 full-size images with included 32MB smartcard. Larger cards maybe purchased for increased storage. When used with the Krumman TCP series, the iScope is the perfect online targeting scope.

iScope™ Gunsight/Digicam _____ \$189.99

Double Clip-on Gun Cupholders Shoot Down Thirst!

Shooting is a thirsty business! But, good gun safety dictates that you should put your beverage down before discharging your weapon. So what's a sportsman to do?

GunGuzzle™ to the rescue. Gunguzzle™'s patented compressed-air-dampened beverage mounts guarantee your drink will stay in its cup, no matter how much kickback your gun gives! Plus, there's two large-size cupholders! Shoot thirst in the face for good!

GunGuzzle™ Kit (2 cupholders, fits all guns) _____ \$19.95

Time to Take off the Training Wheels: the Safteyless Gun

You're an adult. A capable gun owner. So why put up with the ridiculous patronizing of a gun safety lockout? The Marshall NS45 is a modern, double-acting .45mm handgun that dispenses with all the insipid, demeaning saftey equipment-- even the trigger guard! Now you can enjoy shooting at its most free, easy and enjoyable. Isn't this what shooting was meant to be?

Marshall NS45 _____ \$389.95

Save Time with the Gun for People on the Go: The Aimless Pistol

Point, aim, fire, point, aim, fire-- when did shooting get to be so much of a pain? We understand that you're all busy people, with lots of commitments and responsibilities, and sometimes it just doesn't seem possible to get all your shooting in. Enter the Stanthorpe SP255. The SP255 is the first aimless gun-- just point it in the general direction of what you want to hit, and the SP255's three barrells and patented side-to-side cycling action will send a spray of bullets over a 12 foot radius! Thanks to a special high-density clip and amazing rapid-fire action, your days of 'missing' are far behind you. Get two for maximum coverage!
